IASGO 2013
23rd World Congress of the International Association of Surgeons, Gastroenterologists and Oncologists

The Palace of the Parliament
Bucharest, Romania
18 - 21 September 2013

www.iasgo2013romania.org
Dear Colleagues,

On the occasion of IASGO's 23rd World Congress, organized in Bucharest this September 2013, under the Presidency of Professor Irinel Popescu, we are more than pleased to welcome you to share your experience and knowledge with colleagues from all over the world.

IASGO feels privileged having its International Meeting hosted in Bucharest, based on the fact that the scientific program was designed by both the IASGO Educational Board and the Local Organizers, and became of utmost significance and importance, because of its high scientific level.

The program will include live demonstrations, lectures, video presentations, and interactive discussions of a number of challenging clinical cases that will be presented before a panel of experts, in order to have an interactive discussion between the audience and the panelists.

IASGO shall also offer a number of travelling fellowships for young doctors originating from remote geographical regions, in order to enable them to update their knowledge and expertise on the occasion of the Bucharest meeting.

Wishing you all our very best,

We welcome you to Bucharest and we are sure that all of us are going to enjoy a very interesting scientific meeting, and a very enjoyable social program.

Irinel Popescu
2013 IASGO World Congress
President

Masatoshi Makuuchi
IASGO President
